Salford Skip Hire Ltd.

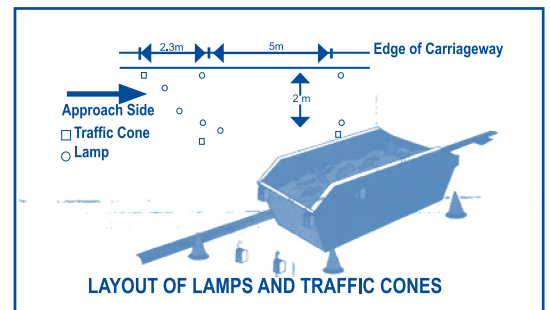

1. The owner will hire to the hirer the container specified overleaf (and lamps and cones if requested by the hirer).
2. The hirer will pay to the owner in advance the charges set out overleaf, unless credit account arrangements have been made.
3. The hirer will take all proper care of the container, and lamps and cones where applicable, while in his possession and shall be responsible for all claims, costs, damage and expenses arising out of the position of the container or the use thereof during the period of hire and will indemnify the owner against any claim in respect thereof
4. It shall be the responsibility of the hirer to ensure that the container is properly illuminated during such times as the law shall require and shall indemnify the owner against claims, demands, damages, proceedings and expenses in respect of the failure to light the said container as aforesaid, (see lighting and coning of container paragraph)
5. The hirer shall at all times during the period of hire so use the container in such a manner that it shall not contravene any act of parliament local bye-law, statutory instrument or other lawful regulation for time being force and shall indemnify the owner against any breach thereof.
6. Hirer ordering the vehicle to be driven from or the container to be placed off the road does so entirely as their own risk. The hirer thereby accepting liability for any damages caused to third party property.
7. On the termination of the hiring the hirer shall return the container to the owner in a good and proper condition.
8. Unless otherwise stated in writing the standard hire period will be a delivery day 1 and a collection on day 3. No time guarantees are made for any deliveries or collections. We reserve the right to collect the container at a date later than that specified.
9. The hirer shall not move the container from its original position once placed by the owner

LIGHTING AND CONING OF CONTAINERS

- a) Please note that only lamps and cones collected from our offices and not those occasionally supplied by our drivers are sufficient for the purpose required under the relevant statutes. If lamps and cones required please attend at the office at which you placed your order.
- b) A container on the carriageway shall be protected by three cones positioned on the approaching traffic side as shown in the diagram below.
- c) During the hours of darkness an amber light shall be attached to each corner of the container and when the container has been placed on a carriageway, lamps must be placed between traffic cones in accordance with the diagram below.(each lamp should have an illuminative power of not less than 1 candela and must remain lit throughout the night).

CONTENTS OF CONTAINER

- a) No container shall contain any inflammable, explosive, noxious or dangerous material which is likely to putrify or become a nuisance to the user of the highway and the contents of the container must be kept damp to prevent nuisance from dust
- b) No container shall be used in such a way that any of the contents fall on to the highway.
- c) No container shall be filled beyond the height of the container sides.
